# Artistas Curadoria Artes

Alex Bonfim

Designer da grande São Paulo, Alex Bonfim criou a Bonfim Arts para compartilhar sua arte em camisetas. Entretanto, descobriu que suas obras poderiam ir além através de artes para quadros.

Suas inspirações vêm de momentos que marcaram sua vida, como passeios em família expressados em artes abstratas e geométricas bem coloridas. Para assim, deixar lares mais alegres com suas obras.

Zucchi

Um viajante, fotógrafo, apaixonado por retratar as peculiaridades por onde passa. Como diz sua Nona “Tutto il nostro mondo è bello Nino”, e assim aprendeu a olhar o mundo, já que ele é todo lindo!

E esse Brasil Brasileiro o pegou de um jeito encantador.

Vamos viajar pelas suas fotografias.

Fazer ambiente com sensações e sentimentos profundos. Capisce!

## Claudia Dias

Artista que ama viajar nas formas e que através de suas obras expressa seu amor maior, o de criar.

Intuitiva na hora de conceber uma obra, deixa fluir e gosta de experimentar diversas formas, misturando traços abstratos e texturas até chegar a um resultado satisfatório.

Suas inspirações vem da internet, arquitetura, séries e filmes. Para assim, tornar suas artes em formas únicas.

# Leandro Francisca

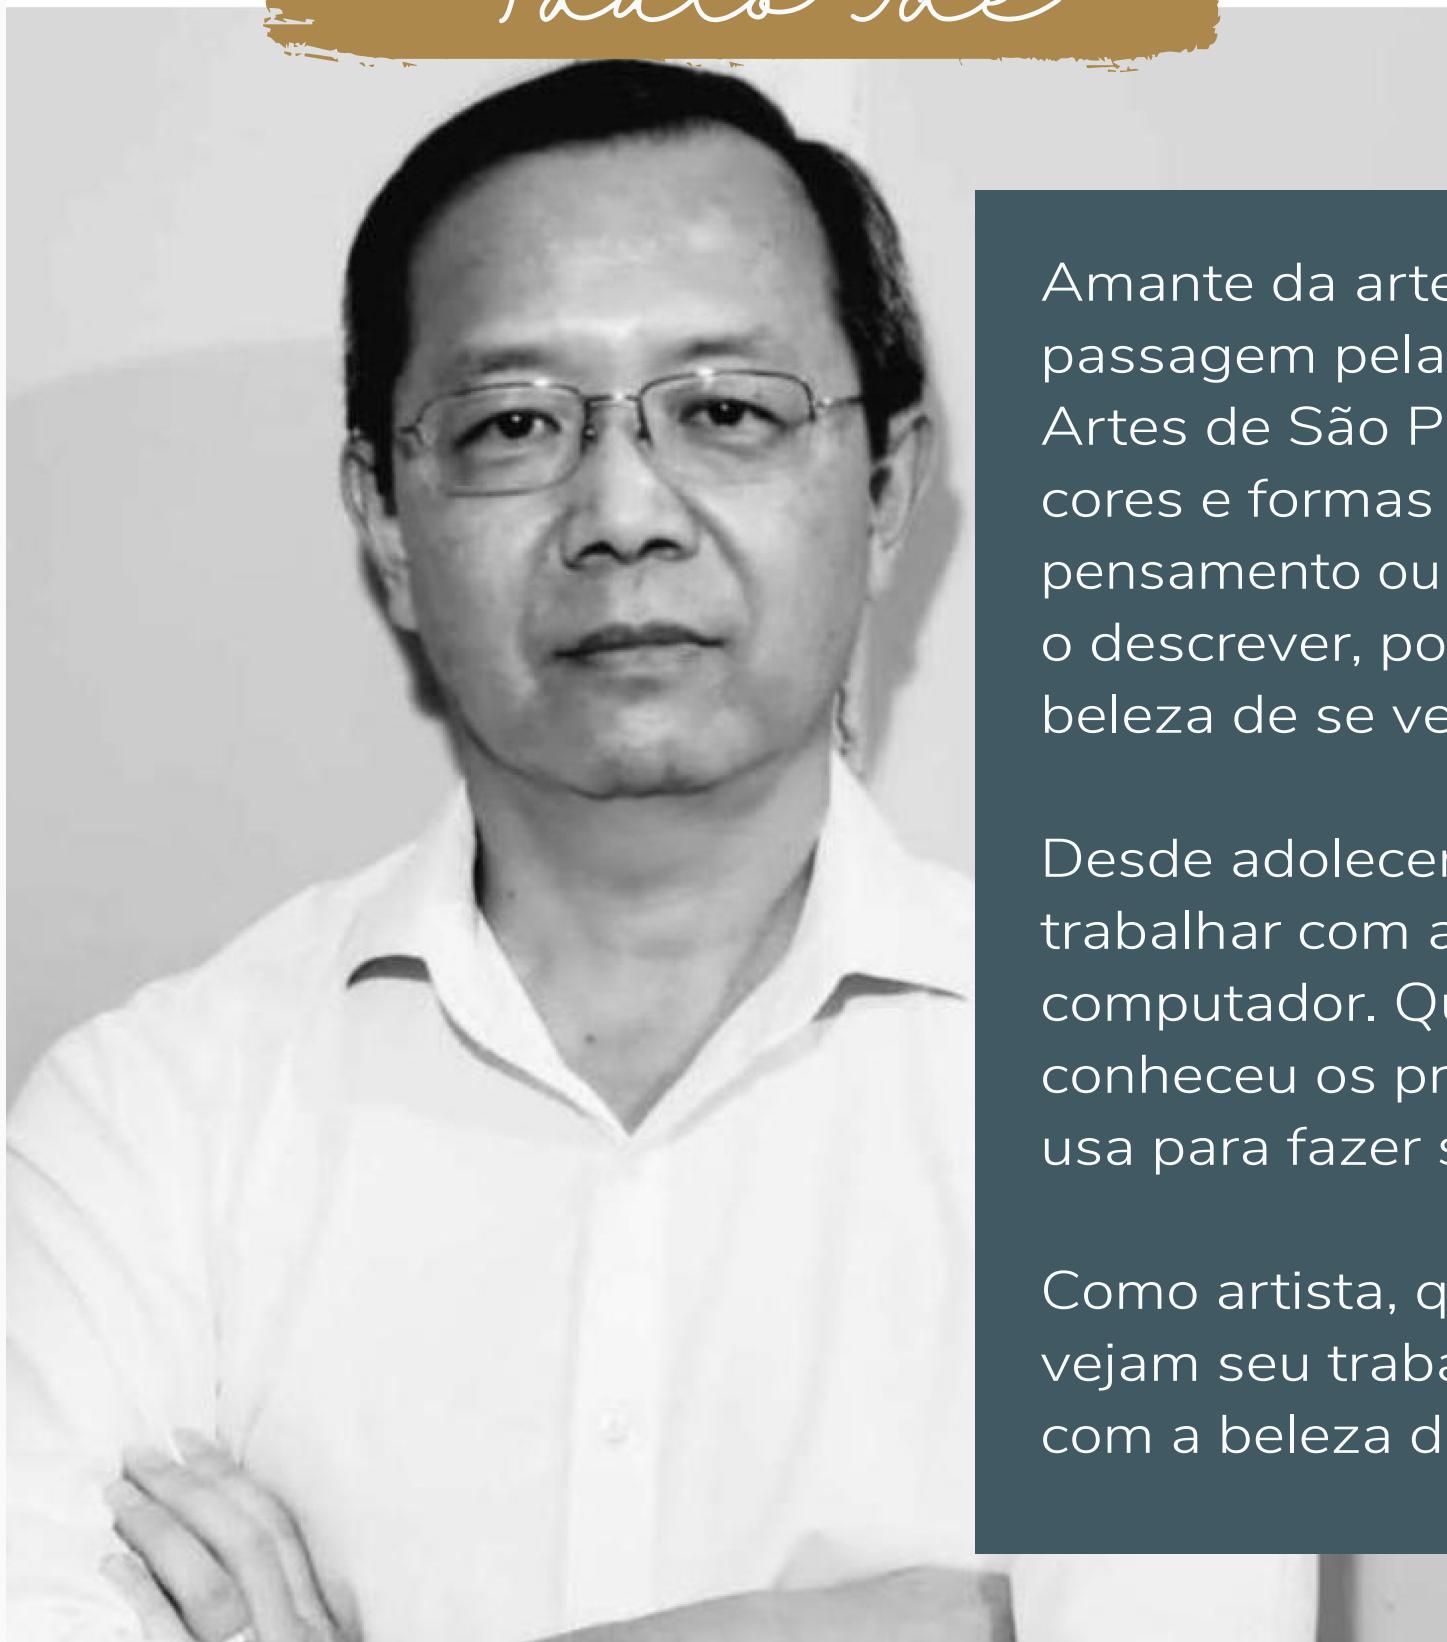

Designer gráfico por ofício, desenhista, chargista e caricaturista por paixão.

Trabalha e busca novas perspectivas através de inúmeros projetos em diferentes áreas da comunicação com recursos visuais, exclusivos e únicos. Assim, proporciona de forma eficaz e essencial, artes únicas para momentos ideais.

Hoje, ele tem a certeza que ser designer gráfico é mais que uma identificação pessoal, é uma escolha de vida.

## Paulo Ide

Amante da arte digital, com breve passagem pela Faculdade de Belas Artes de São Paulo. Acredita que cores e formas substituem qualquer pensamento ou palavras que possam o descrever, pois “O abstrato é a beleza de se ver”.

Desde adolescente sempre quis trabalhar com animação no computador. Quando foi ao Japão, conheceu os programas que hoje usa para fazer seus trabalhos.

Como artista, quer que as pessoas vejam seu trabalho e se emocionem com a beleza de se ver.

# Karine Tonial

Artista que gosta de criar suas obras em um ambiente silencioso e até mesmo deitada no sofá, em uma posição confortável.

Experimenta técnicas, pincéis e cores com uma caneta digital e sente se está gostando do resultado. Usa sua criatividade e imaginação até ficar satisfeita. E o resultado final expressa um pouco dos seus gostos e personalidade.

Sempre mostra suas obras para seu marido e filha que compartilham suas sinceras opiniões.

Ama pintar e a arte foi e é uma terapia pra ela.

## Bruna Marchioro

Artista que gosta de observar a vida nos pequenos detalhes. Tanto no dia a dia quanto em alguma viagem. Suas obras são caracterizadas por procurar um universo no micro.

Uma palha como uma bailarina dançando? Uma pétala que lembra um lençol e aconchego?

A fotografia é o seu trabalho, passatempo e a maneira como enxerga o mundo. Está sempre em busca de complementar suas produções.

*Erika Janne*

Minha paixão é criar artes que impactam de alguma forma quem vê.

Tenho inspiração na natureza tendo traços de folhas e de borboletas.

Adoro criar algo novo e surpreendente, pois a natureza traz o contraste e a harmonia, combinação ideal para todos os estilos.
